Hi Jean,

Unfortunately I have not come upon anything new of note. And, I've still be unable to get in contact with the BLM office, by phone or email, to find that FEIS with the extensive EJ analysis. I will forward you the email I sent them, as well as the contact numbers I have for the two environmental coordinators working in that office (who both have not been in the office every single time I've called).

Parks, anything new in your research that I should be aware of? I am getting the briefing paper put together. Did you ever get the EJ analysis that you were trying to get?
